

**ATTACHMENT 11**  
**PR-CI-10-10652**  
**SECTION L PROVISION, L.26**  
**INDUSTRIES PROHIBITED FROM BEING CONSIDERED FOR AWARD**

Contractor support is required for the program activities of the EPA Office of Air and Radiation (OAR), Office of Transportation and Air Quality (OTAQ), Assessment and Standards Division (ASD). The contractor that provides such support must be free from actual organizational conflicts of interest in order to ensure the integrity of various analyses, modeling, and other activities associated with the development of regulations for Greenhouse Gas (GHG) Emissions. The results of the work performed under this contract may have significant impact on policies applicable to certain regulated industries. Therefore, motor vehicle manufacturers and motor vehicle engine manufacturers (both light-duty and heavy-duty vehicle manufacturers and heavy-duty on-highway engine manufacturers), aircraft manufacturers and aircraft engine manufacturers, marine vessel manufacturers and marine vessel engine manufacturers, locomotive manufacturers and locomotive engine manufacturers, non-road equipment manufacturers and non-road equipment engine manufactures, fuel/fuel additives producers or distributors will be considered ineligible for award of any contract resulting from this solicitation. The specific determination whether any other offeror is to be considered ineligible for award will be made by the Agency on a case-by-case basis in accordance with the guidance provided in FAR Subpart 9.5.
